

# maine high-capacity

. . . . innovative storage with front-to-back filing . . . .

Maine are part of the prestigious Milton Keynes Pressings Group (MKP), therefore engineering excellence and a commitment to developing innovative product ranges is ensured. The collaboration between the high-tech engineering skills at MKP and the experienced specialist team at Maine has created dynamic results. Maine's high-capacity unit has been developed to save valuable floor space within the office environment, whilst coordinating with their standard storage ranges.

The high-capacity unit is 1150mm wide and is part of the Maineseries31 range and is available in 2, 3 and 4 high drawer options. This unit uses the smallest footprint to provide 3 independent rows of front-to-back filing in a multi-function drawer. The unit depicted allows 3.47 linear meters of front-to-back filing or will allow a mix of suspended filing with box/lever arch filing in the same drawer.

The high-capacity units can be finished in any colour including standard ranges of BS, RAL, Pantone, Dulux Colour Dimensions and specialised paint finishes.

Maine's high-capacity units are 98% recyclable with 40% recycled previously. Manufactured in the UK.
