

Standard Paint Colours

from
maine

Here are our standard RAL colours

Outside of our standards, Maine units can be specified in any colour including tonal shades and corporate colours.

Colours can be specified from the palettes of BS, RAL, Pantone or Dulux Colour Dimensions as well as specialist paints including metallic, polychromatic and pearlescent finishes.

Maine's powder paint line uses the most contemporary technology to ensure a perfect finish. Metal swatches in the final colours and finishes are supplied to ensure a match.

Should a different colour be required then please contact customer services.
